

ENQUIRY GROUP 5

CURRICULUM DEVELOPMENT (B)

Our enquiry group developed an interactive website as a digital artefact.
The purpose of the website is to facilitate the implementation of Design-Based Research.

The website will facilitate the following:

- Assist educators in developing practical principles to create real change
- Produce research outputs from the work we already do
- Access to resources on SoTL and Social Justice Pedagogies
- Collaborative research
- Join a community of practice

www.designbasedresearch.co.za

Please note that some aspects of the website are still under development and will only be fully functional by the end of June 2022.
